REQUEST FOR REVIEW OF PATENT TERM ADJUSTMENT

MAIL STOP ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

It has recently come to our attention that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office for the above-referenced patent application. Specifically, the patent term adjustment pursuant to 35 U.S.C. 154(b) of 494 days indicated on the Determination of Patent Term Adjustment, PTOL-85, may extend the term of this patent by too many days. In particular, it is believed that no patent term extension is

warranted since the patent term should not be adjusted for examination delays beyond the expiration date of U.S. Patent No. 6,463,415 since a Terminal Disclaimer regarding the '415 patent was filed in the present application on January 16, 2008. See, 37 C.F.R. § 1.703(g). The expiration date of the '415 patent is August 31, 2019. Since the 20 year term of the present application is also August 31, 2019, any patent term adjustments regarding delay by the Patent Office must not be taken into account per 37 C.F.R. § 1.703(g).

Respectfully submitted,
